ABOUT KAAD

An article abstract is a summary of the full article and explains what the article is about. It is valuable because it offers a quick overview of the article's content and can help you decide if the article will be useful for your research. Remember to cite from the full article in your research though, and never the abstract.

KAAD provides articles with abstract from different periodicals (print form) subscribed by KRRC-Central Library at one place.

Explore the KAAD and send requests for full-text articles. The library will email you the scan copy of the same.

About NDLI Club

National Digital Library of India Club (NDLI Club) is an enabler of career progression for students, job seekers, researchers and learners. NDLI Clubs are set up in institutes and nodal bodies, and these Clubs conduct events to facilitate students to develop knowledge, skill and traits beyond regular curriculum which are essential for their progression in respective professional domains. The events may be either physical or virtual. Virtual events are web-based and are conducted through the NDLI Club portal. The events are organized at respective institute level or city/district/state/regional level or all-India level. READ MORE
